### FEATURES and BENEFITS

- Single handle to control both punching and Wire-O® closing with smooth effortless action for both left and right handed operation.
- All punch pins can be easily disabled for custom punch patterns (all pins being the same length, no re-positioning difficulty).
- Adjustable side lay gauge for perfectly centred punching pattern.
- Punches up to 15 sheets of 80 gsm bond paper in a single stroke.
- Closes all Wire-O® sizes up to 1-1/4".
- Open punching and binding edge in 3:1" and 2:1" formats.
- Handy document gauge to determine which Wire-O® size to use.
- Easily removable confetti tray.
